## Deposits, Cancellations and Early Return Policy

Olivet is a small facility, often operating at capacity for weekends, holidays and peak travel times. To offer the highest level of individualized care, we staff accordingly. No-shows and last minute cancellations affect us greatly; therefore, deposits are required. We realize that plans change, so should you cancel your reservation, keep in mind that your deposit is not directly refundable and the following policies apply:

### High Season Cancellations and Reservation Changes:

- › More than 7 days' notice: deposit held on account, minus \$15 fee
- › Less than 7 days' notice: deposit forfeited
- › 2 days' notice required to shorten stay to avoid full charge

### Thanksgiving and Christmas Cancellations and Reservation Changes:

- › More than 14 days' notice: deposit held on account, minus \$50 fee
- › Less than 14 days' notice: deposit forfeited
- › 14 days' notice required to shorten stay to avoid full charge

every day!**

## A Stay-cation for Your Dog

As a guest at our 5-Bone Rated resort, dogs enjoy a comfortable stay with plenty of exercise and loving, professional care. In your absence, we treat your dog like one of our own.

Good things to know when booking a stay-cation:

### Room and Board

While you're away, Fido will be housed in the comfort of our clean, climate-controlled accommodations. Each unit has a covered outdoor area where your dog can relax during the day, protected from the elements. Indoors, there's a cozy, plush bed to curl up in. Sorry, no bedding from home is permitted.

### Fun and Frolic

Dogs get plenty of exercise at Olivet. Three times a day, they can romp and play in small, supervised groups. Or, if it better suits Fido's temperament, our staff will conduct three daily individual exercise sessions, each lasting approximately 45 minutes. Either way, your pooch gets an abundance of exercise and TLC.

### Chow Time

Olivet serves a nutritionally balanced, high quality lamb, rice and veggie kibble. At check-in, we note your feeding instructions and make every attempt to maintain the routine your dog is accustomed to.

If you prefer, you may bring food from home, packaged in baggies or a lidded container. No paper bags or large containers, please.

### Favorite Toy

Ok, you can bring Fido's favorite squeaky toy or plush animal, but just one, which we'll label with your dog's name. For safety reasons, we are unable to accept small toys, "greenies" and rawhide chews. And, while we make every effort to return toys in the condition they arrived, we are not responsible for lost or destroyed belongings.

**"I haven't had this much fun since my owner bought new slippers."**

Betty, The Bernese, San Rafael

### Got Shots?

All canine campers must be current with these vaccinations:

- > DHLPP (Distemper booster)
- > Bordetella (Canine cough)
- > Rabies

Please provide written proof from your veterinarian verifying the status of your dog's shots.

### Medications

If your dog is on medication, our staff will administer doses following doctor's orders. Please bring the meds in original packaging with the instructions clearly labeled.

### Medical 9-1-1

Should your dog require emergency medical attention while a guest at Olivet, we will make every effort to contact you and visit your veterinarian. If that's not feasible, we will take your dog to our trusted vet. Owners are responsible for all medical fees incurred, plus a \$50 transportation charge per trip.

### Just-in-case Phone Numbers

In case of emergency, it is imperative that we have a phone number where we can reach you. Or, we'll need the name and contact information of someone other than your veterinarian who can make decisions on your dog's behalf.

### Serenity Zone

Olivet Kennel is a No Bark Dog Resort. In order to maintain the peaceful ambiance, excessive and disruptive barking is discouraged. We use a variety of humane methods to control barking, from verbal cues to careful and sensible use of citronella and bark collars. Many dogs come to Olivet to participate in a training program designed to address barking issues.
